## TRIO OF GLENDALE GIRLS DESCRIBE JOURNEY EAST GET VACATION AT LYTLE CREEK

Delegates to Big Gathering of  
C. E. Members Tell of  
New York City

The three Glendale representatives at the World Christian Endeavor convention at New York City have just returned home after a six weeks' absence and have a vivid and entertaining tale to relate of their travels and experiences. They are Miss Ethel Preston of 1132 South Jackson street, Miss Nancy St. Clair of 1250 South Maryland and Miss Elsie Wilson of 317 North Belmont.

Sixteen thousand young people representing nearly every nation in the world, registered at the New York City Christian Endeavor Headquarters during the week July 6 to 11. Thirty-five of these were Californians and the immense throng was so full of enthusiasm that it impressed even that rushing city and made it stop and take another look at them.

The leading speakers at the conferences were William Jennings Bryan, Ira Landreth and Dr. Francis Clark, president of the World Christian Endeavor Union. These men had big things to tell the Endeavorers who had come so far to hear them, but they had as much to learn from the great group of workers.

## Tells of Big Parade

Miss St. Clair tells an interesting story of the big parade, when the 16,000 C. E.'s marched up Fifth Avenue from Eighteenth street to Central Park, a distance of about fifty blocks. It was the biggest representation of the youth of the world, united in a common cause, that New York has ever seen, and the city turned out in hundreds of thousands to see it.

Commissioner Wallace, the chief of Ellis Island, was head of the New York committee which handled the convention. The people of that city gave the young people every reason to believe they were welcome and must make the most of their visit. Guides were furnished to take them to all the places of interest and information bureaus were easily accessible so there was little danger of becoming confused or lost.

Miss Preston says that the thing which most impressed her was the immensity of the convention and the immensity of the city in which it gathered. The enthusiasm and co-operative spirit shown were enough to give new life to the organization and assure its success during the coming years.

## Build Up, Not Out

Miss Wilson was most impressed by the enormous size of the buildings and the huge plan on which everything moves in the great metropolis. "They can't spread out," she said, "for the city is built on an island, so they build up all the time and instead of going out the people just go up."

"It is not a clean city, as we have cleanliness out here, because of the coal smoke. And we were all disappointed in the 'Great White Way' because it was not nearly as brightly lighted as our own Broadway in Los Angeles. The lighting system is not at all good. But then everybody there says that Los Angeles people never have a good word to say about New York."

On their return trip the young women visited Boston, Washington, Philadelphia, Chicago and other cities along their route. Washington appealed to them as the most beautiful and the "cleanest" city they saw. But they all agree that it felt pretty good to find themselves back in California again and while they feel the trip and the convention one of the biggest things in their lives, so far, when they choose the place they want to live in they will still choose southern California and Glendale.

Trucks leaving here next Monday morning will transport forty or more boys from Glendale to the mountain fastness and by evening they will have camp pitched for eight days in the wilds. Among the many events in store for the week of sheer enjoyment, Scout Director Robison has arranged for a hike to Bonita Falls.

Fishing and swimming will be enjoyed at the new pool at Glenn Ranch, which is a short way from the Colburn ranch. Fishing is another sport which will be enjoyed greatly.

Scoutmaster Benjamin Robison, Sr., will accompany the boys on the trip and Mr. Robinson, Jr., knows the forest and stream in the Lytle creek country well, having conducted a camp for three weeks there this summer for a Pasadena private school.

## FUTURE OF IRELAND BEFORE SINN FEIN PARLIAMENT

LONDON, Aug. 15.—The struggle of centuries reached a climax today with the British demand on Sinn Fein that she accept membership in the British empire as a dominion. The future of Ireland lay with the Sinn Fein parliament. It meets tomorrow. In England it was believed almost unanimously that the government's peace terms were generous, that the premier's reply to "President" De Valera's demand for expansion of the terms was fair and that it left the onus of Ireland's fate to the Sinn Fein. It was believed Lloyd George would have nothing further to offer until the Dail Eireann has made its choice—peace or war.

ing to word received here today from

His 3-year-old daughter, Lillian,

## BOTH HOPELESS

Prof. William Lyon Phelps, Yale's  
brilliant critic, was defending the  
modern American novel at a dinner.  
"People say the American novel  
doesn't find fault enough with Amer-  
ican conditions," he said. "They want  
it to resemble the Russian or the  
Scandinavian novel."

"But those European novelists are  
too hopeless altogether."

"What's pessimism?" one of them  
was asked the other day.

"The faith of cowards," he in-  
stantly answered.

Electricity is the friend of  
the modern woman. It  
makes her daily pathway  
that used to be strewn with  
all sorts of labor troubles a  
pleasant, easy highway of  
housework. It attends to  
washing her clothes and  
cleaning her house. It runs  
her sewing machine and  
irons the family wash.

LOS ANGELES, Aug. 15.—Ralph

statement, carried exclusively by the  
United Press, that he would repre-  
sent his former wife, Madalynne Ob-  
enchain, in the pending legal battle  
for her freedom from a charge of  
murder.

"I shall fight Madalynne's fight,"  
he said.

"I will be with her counsel, Warren  
Williams, when she is arraigned to-  
day."

"For the time being, however, I  
can aid only in an advisory capacity,  
as I did not bring with me my cer-  
tificates from the Illinois courts.  
They are now on the way out here."  
Mrs. Obenchain and Burch were in  
court for arraignment this morning  
but it was postponed.

## C. OF C. DIRECTORS TELLS ABOUT WORK TO HEAR TUJUNGA RAILWAY PLAN

Extension of Road to Be Dis-  
cussed at Meeting Here  
Tuesday Noon

The extension of the Glendale &  
Montrose railway from its terminus  
in lower La Crescenta to Tujunga,  
Sunland and Monte Vista will be dis-  
cussed at a meeting of the board of  
directors of the Glendale Chamber  
of Commerce tomorrow noon.

Members of the Tujunga Cham-  
ber's railroad committee will be pres-  
ent and urge that Glendale work for  
the project as the Verdugo Foothills  
present great trade possibilities for  
this city.

City Manager W. H. Reeves and  
Thomas W. Watson, the retiring city  
manager, will be guests at the direc-  
tors' luncheon at the Crown cafe to-  
morrow noon. Brief talks will be  
made by both. A large number of  
new members will be reported, it is  
understood, and an enthusiastic ses-  
sion is promised.

**Park Proves Attraction**  
In the matter of the electric rail-  
way extension, the Glendale & Mont-  
rose company considered the propo-  
sition prior to America's entrance  
into the war and since that time the  
foothills have become so closely popu-  
lated as to make probable the incor-  
poration of Tujunga.

Monte Vista park is a great attrac-  
tion at the end of the proposed ex-  
tension and there seems to be no  
question but what the patronage  
would justify the several miles of ad-  
ditional track.

It is simply a matter of time until  
the improvement is made and the  
Tujungans are stimulating the propo-  
sition by enlisting the aid of the  
civic bodies.

## Father O'Neill Is Again In Charge of His Parish Duties

It was a source of great happiness  
to every member of the Holy Family  
parish to find Father James S.  
O'Neill back in his place on Sunday  
morning. The two weeks' rest had  
made a great change in his health  
and by using care he hopes to remain  
at his post throughout the coming  
winter.

The Epistle read in Sunday's ser-  
vice was taken from the third chapter  
of Galatians, verses 16-22. The  
Gospel from St. Luke, sixth chapter,  
verses 11-19. The passage tells of  
the healing of ten lepers by our Lord  
and how one of them returned to  
give thanks. "And Jesus, answer-  
ing, said: 'Were not ten made clean?  
And where are the nine? There is  
no one found to return and give  
glory to God but this stranger. And  
he said to him: 'Arise, go thy way,  
for thy faith hath made thee whole.'"  
Father O'Neill preached a very  
eloquent sermon comparing the foul-  
ness of leprosy to the stain of mortal  
sin on the soul. He said that as  
the lepers came to the Lord to be  
healed, so should the faithful turn  
to the sacraments of penance for  
healing of the soul. He said in part:

### Salvation of People

"It was for the salvation of His  
people that Christ instituted the  
great sacrament when He said,  
'Whoso sins ye shall forgive, they are  
forgiven, and whose sins ye shall re-  
tain, they are retained.'"

"In the olden days it was the habit  
of the good people to say 'Thanks be  
to God' in time of trouble. But to-  
day how few of us remember to give  
thanks for our blessings. There is  
no one so poor but that he has much  
for which to thank his Creator. If  
he has no worldly goods, but is  
blessed by health he has enough to  
be eternally grateful for. Let us not  
be like the nine, who took what our  
Lord had to give and went their way.  
Let us return often to give thanks  
for those things which He has given  
to us."

This morning there were two  
masses said in honor of the Feast of  
the Assumption.

## GOODWILL INDUSTRIES HELPING MANY TO GET NEW START, SAYS H. A. R. CARLTON

Dr. W. H. Teeter, professor of  
Missions at the University of Sou-  
thern California, occupied the pul-  
pit of the First Methodist church  
yesterday morning and spoke on the  
"Need of a Present Day Vision."

In the evening Superintendent H.  
A. R. Carlton of the Goodwill Indus-  
tries of Los Angeles gave an address,  
and described the good work being  
done by this Methodist enterprise.

He said in part as follows:  
"The 1920 census now being re-  
leased is revealing some very start-  
ling and significant facts concerning  
the present trend of population. The  
official statement of the census bu-  
reau declares that more than 25 per  
cent of all the people in the United  
States are now living in cities of  
100,000 or over, and it is indicated  
by very authentic sources that with-  
in the next fifteen years 75 per cent  
of the population will be living un-  
der urban conditions. It is also true  
that 20 per cent of the large cities  
are over 70 per cent foreign-born."

"Frederick A. Wallis, United  
States commissioner of immigration  
at Ellis Island, states that another  
flood of immigration is now pouring  
into the United States, and is com-  
ing at the rate of 25,000 to 30,000  
a week. He declares that in Italy  
there are 4,000 Italians awaiting  
ships to bring them here. Nineteen  
ship companies have stated that they  
could sell out their entire space for  
twenty years to accommodate the ap-  
plications already on hand."

"It is of vital importance that we  
take cognizance of this unprece-  
dented growth of the cities. As the  
cities grow larger, economic condi-  
tions tend to grow worse."

**How to Meet It?**  
"The question as to how to meet  
these complicated situations in the  
great cities with their terrific human  
problems of childhood, home life,  
work, play and social relations, pre-  
sents an almost insuperable chal-  
lenge to the organized Christian  
church."

"What would be the program of  
Jesus in the great cities at the pres-  
ent hour? I think we would find  
him down where the need is minis-  
tering to suffering humanity phys-  
ically, socially, industrially, intel-  
lectually and spiritually. The program  
of the Methodist church for the city  
in this new day should be exactly  
the same as the program of Jesus.  
The board of home missions and  
church extension has accepted the  
challenge of the city, and as part of  
this program of ministry has already  
established Goodwill Industries in  
more than twenty of the greatest  
cities. The Goodwill Industries do  
not claim to be sufficient to meet all  
the needs of humanity, nor to be a  
panacea for all the ills of mankind,  
but the Goodwill Industries do have  
a distinctive part in the program,  
and a man's sized job to do."

### Want Chance, Not Charity

"When you go into the city where  
you find the Goodwill Industries?  
If you do not have the address you  
would save time by going into the  
section of a city where the needs  
of humanity are greatest, where the  
crowded ways of life cross, and there  
you will find the Goodwill Indus-  
tries with this sign—'Not Charity,  
But a Chance.' Defeated men and  
women come to the Goodwill Indus-  
tries asking, not for charity, but for  
a chance. A chance for what? A  
chance to work and maintain their  
self-respect. They have been up and  
down the streets looking for a job,  
with the same answer, 'No work.'  
It is the object of the Goodwill In-  
dustries never to turn such a one  
away, however little can be found  
for them to do. The lazy person and  
the shirker know better than to  
come to the Goodwill Industries. The  
work test is sufficient. Thrift,  
Christianity, industrial justice and  
democracy are some of the things  
taught in the Goodwill Industries.  
Another big work done by them is  
that of Americanization."

"Besides the activities I have al-  
ready mentioned, the Goodwill In-  
dustries carry along many lines of  
religious and social service work, ac-  
cording to the needs of the commu-  
nity. Kindergartens, fresh air farms,  
medical and dental clinics, dispen-  
saries, district nurses, etc. Would  
not the Great Physician approve of  
this?"

"The Goodwill Industries is the  
arm of our church reaching down  
into the districts where there is the  
greatest vice and misery, and wisely  
ministering irrespective of class dis-  
tinctions, race, color or creed."

### ENTERTAINING VISITORS

Mr. and Mrs. H. L. Adams of 153  
South Pacific avenue have been en-  
tertaining Mrs. Smith's parents, Mr.  
and Mrs. C. F. Smith of Lindsey, and  
her sister, Mrs. E. H. Gregg of  
Strathmore, who motored down with  
her children for a few days' visit.  
The Adams and their guests spent  
Saturday at Brookside Park enjoy-  
ing a family picnic, and motored to  
the beach on Sunday. Before her  
marriage Mrs. Gregg was a resident  
of Glendale and taught in the public  
schools here.

## Mrs. H. E. Bartlett Conducts Red Cross Campaign for Needy

Mrs. H. E. Bartlett, chairman of  
the Glendale chapter of the Ameri-  
can Red Cross, states in an inter-  
view with a Glendale Evening News  
reporter that the local chapter is  
planning to conduct a campaign in  
answer to the call for used clothes  
for shipment to the needy persons in  
eastern and central Europe. These  
articles of clothing will be distrib-  
uted by the American Red Cross  
through its Child Welfare Units in  
Czechoslovakia, Poland, Austria,  
Hungary, the Balkan and Baltic  
states, and by the American Friends'  
Service committee in Poland, Aus-  
tria, Germany and Russia.

Clothing may be left at either the  
fire stations on East Broadway and  
Los Feliz Road or at the home of  
Mrs. Bartlett, 347 North Brand  
boulevard, during this month.  
Clothing in good condition and for  
all ages is badly needed. Mrs.  
Bartlett states that clothing left  
should be clean and in good repair.  
Materials to make garments will also  
be gladly accepted.

This appeal for all kinds of warm  
and serviceable clothing is not only a  
local appeal, but is nation-wide and  
is being made through all the lead-  
ing magazines and papers through-  
out the country.

**INSANITY MAY BE PLEA**  
SAN FRANCISCO, Aug. 16.—  
William Hightower, alleged murder-  
er of Father Patrick Heslin, is  
preparing to stand trial and plead  
insanity, authorities were convinced  
today.

The first indication of such a plan  
was given soon after Hightower was  
smuggled from the San Francisco  
city jail to the San Mateo county  
jail at Redwood City yesterday.  
"My head seems to swell when I  
think, until it seems there's going  
to be an explosion," Hightower told  
jail attaches.

"I wonder if I'm going crazy."  
His talk was rambling, ranging in  
a few minutes time from whippings  
he received when a boy to a lament  
over his inability to sell music poems  
he had written.

### THREE ASSASSINS SOUGHT

SAN JOSE, Cal., Aug. 15.—De-  
tails of police were blocking all roads  
in the county today in an effort to  
apprehend three men, who at an  
early hour assassinated Charles J.  
Hinds, San Jose candy manufacturer,  
as he stepped from his automobile in  
the rear of his home in a fashionable  
residential district.

According to Hinds' wife who had  
left the car just ahead of him, three  
men, dressed in overalls, jumped  
from the shrubbery and one of them  
without a word pressed a revolver  
against Hinds' breast and fired. The  
men then ran to the front of the  
house and escaped in a waiting auto-  
mobile.

### SAN DIEGO TO BE HOST

SAN DIEGO, Cal., Aug. 15.—San  
Diego is donning her holiday attire  
today, in preparation for the first  
annual midsummer fiesta and car-  
nival here. Starting Thursday and  
continuing through Monday, this city  
will play host to the entire south-  
west.

Numerous events are scheduled,  
land and water sports will be staged,  
dreadnoughts will join 100 other  
navy vessels in the fun, and quaint  
Tijuana is expected to draw her  
share of attention. Thousands of  
visitors are expected.

## RELIGIOUS WORK IN YOUNG LIVES IS BEING URGED

Pastor Says People Should  
Have Education of Heart  
as Well as Head

At the Presbyterian church Sun-  
day morning Rev. W. E. Edmonds  
preached on "Trimming the Light,"  
using as his text "Learn of Me."  
(Matt. 11:29). A resume follows:

"These messages come with a very  
distinct heart burden. This day is  
no longer a day of small things, of  
small programs or easy ones. We  
are called upon to measure up to  
greater things than we have hitherto  
dreamed of."

"Learn from Me" suggests per-  
sonal contact, direct learning. The  
word 'disciple' means 'learner.' This  
involves the work of education, the  
second great work of the church. In  
this modern world we have gotten  
too much away from learning. 'Go  
ye into all the world and make learn-  
ers, and lo, I am with you to the end  
of the world.'"

"The Presbyterian church from its  
beginning has been a teaching  
church, endeavoring to make Chris-  
tians who would be intelligent in the  
faith; and it has always sought a  
highly trained leadership. And so  
for 100 years it has had a Board  
of Education. 'Christian education  
holds the key to the civilization of  
the world.' The Presbyterian church  
is not a cathedral-building, but a col-  
lege-building church. It owns and  
controls forty-two colleges and in-  
stitutions of higher learning. But  
the endowment of these is lagging as  
compared with what it needs to be.  
Most of our ministers and leaders  
come from these church colleges, and  
we must not fail at the source of sup-  
ply. Our leaders are asking an en-  
largement of \$35,000,000 in endow-  
ment of these. We here have our own  
Occidental college, wherein this lit-  
tle church of years ago invested  
scholarships which have been used by  
a succession of our young people."

Our Board of Education regards it as  
an investment to help our young peo-  
ple to get the education they should  
have to fit them for their best car-  
reers of usefulness, and it has a voice  
in the direction of our colleges.  
"We all understand that after all  
the Christian home is the basis of  
everything else. A home is not  
Christian where there is not a family  
altar,—this is the foundation. At  
the very least there is a blessing at  
the meals, that you might call it a  
Christian home. And God have mer-  
cy on this country when the home be-  
gins to slide."

"As to Sunday schools. It seems  
unbelievable, but yet it is true, that  
there are twelve millions of Sunday  
school age in this country who are  
totally without Christian education.  
In a Sunday school there are many  
from homes where there is no prayer.  
Are you not glad to share in the work  
that meets this? The children that  
have no religious education,—where  
are they going to get it? Not in the  
public schools. Our country boasts  
its schools, but yet youths can come  
out of them with no religious knowl-  
edge whatever. The bare, uncom-  
mented reading of the Bible in  
schools would bear fruit: The word  
is fertile."

"It is purposed to have schools in  
our new church. There are churches  
where, under paid teachers, the chil-  
dren come before and after the regu-  
lar school hours. The new building  
ahead of us is to be equipped for all  
this, and to be open and at work  
seven days a week. It is our job to  
see that untalented children shall have  
the opportunity they lack."

"There is need for trimming lights  
along the line of temperance and  
moral welfare. Our church always  
believes it better to put a fence at  
the top of a precipice than an am-  
bulance at the bottom. Train the  
young years, you have the whole  
life."

"Save our Sabbath" is a S. O. S.  
cry. In Holland it is the dykes that  
save the country. We must have the  
dyke of the Sabbath to save our coun-  
try."

"Come back to the heart of the  
whole work, evangelism; and educa-  
tion must ever go hand in hand with  
it. If you educate the head and let  
the heart go, what have you got? In  
Christ's name we rally all around the  
cross. Every thing we do has Jesus  
Christ the center."

## VAUDEVILLE TO BE GIVEN TO HELP BIG FESTIVAL

Verdugo Foothill Folk to Attend Show on Night of August 17

Everybody in the Verdugo foothills is going to Sunland Wednesday night to see the big benefit vaudeville, which is to be staged by the Chamber of Commerce there as a preliminary to the Moon Festival. By the sale of badges, the production of shows, etc., it is the Monte Vista people's expectation to have everything in readiness to entertain the thousands visiting there festival week.

### City Hall and Park Bonds

Eagle Rock votes on city hall and park bonds Monday, September 12. The improvements are declared to be necessary as Eagle Rock has neither. At the present time, the water and light department, fire department, police court—everything—is housed in one store room which the city has been ordered to vacate.

### Rides 2502 Miles on Bike

William Lancaster, a cousin of William Harrison, arrived in Tujunga August 5 from Chicago. He left Chicago on his bicycle July 9 and made the run of 2502 miles in twenty-four days, averaging 104 miles per day. One day in Nebraska he made 203 miles over good roads. Mr. Lancaster did not make his mileage riding in passing cars but made the entire trip on his wheel.

### Business Block Proposed

The Edwards & Wilsey company has taken out a permit for a one-story business block to be erected in Eagle Rock. It will cost \$12,000. It will be occupied by the Sam Seelig grocery and public markets. With many homes and other buildings under way, the little city east of Glendale is coming into its own.

### Club of Happiness

The Millionaire's Club of Happiness and Contentment, the man who reads the papers, the man who plays the flute, the parson of the green Verdugo hills, the yellow cat and the stone wall where the neighbors gather in the twilight are among the subjects of a series of new photographs which J. H. Lamson of Tujunga has just made and which the Moon Festival committee expects to use in its advertising campaign.

## Double Program Is Offered Patrons at Palace Grand Today

For those who want more for their money, a double bill of features will be seen again today at the Palace Grand.

"An Amateur Devil" is a new Paramount comedy-drama starring Bryant Washburn. Maurice Campbell directed the picture in a way to get the maximum of laughs from the tale of a bashful young man whose experiences cure his "peppiness" and put "jazz" into his former innocuous kisses, resented by his fiancée.

"Trust Your Wife," Katherine MacDonald's eighth Associated First National production, is a picturization of Harry S. Sheldon's play, "Conscience." The production is directed by J. A. Barry, and in the cast opposite the American Beauty are David Winter, Charles Richman, Mary Alden and the star's younger sister, Miriam MacDonald.

## Lee D. Triol Writes About Old Newspaper

Lee D. Triol of 318 Myrtle street writes The Glendale Evening News from Santa Cruz as follows:

"Reading the account of Saul Frank having a copy of the first issue of the Philadelphia Public Ledger (now owned by the Curtis Publishing company) reminds me that I have a copy of the same issue handed down to me by my mother, which I prize very highly. We came here from Glendale the first of August and have rented a cottage. We are enjoying ourselves very much, visiting the beach, cliffs, big trees and Mount Hermon.

## Architect Lindley Is Drawing Church Plans

Architect Arthur G. Lindley of 123 South Belmont street is preparing plans for a new church for the Garvanza Methodist Episcopal congregation, to be located on Pasadena avenue and Avenues 55 and 56. The auditorium will seat 650 people. It will be a thoroughly up-to-date frame edifice. Mr. Lindley also is taking bids for completing the auditorium portion of the Burbank Methodist church.

The shock from a bolt of lightning that struck her home in Lynn, Mass., restored to a woman her speech and hearing. When the bolt struck she screamed, "Oh, my baby!" and now talks as well as ever.

## 'Dear Katie' Learns Roads of Southland Are Smooth as Crooks

GLENDALE, Aug. 15, 1921.

Dear Katie: I suppose you will be glad to hear as how I am back home again, after my wild trip to Mexico and no doubt you've been worryin' for fear I'd get kidnapped for ransom or somethin', or maybe you're disappointed cause I wasn't.

But, anyhow, here I am, and I know now what it is to enjoy the delicious sensation of getting back to the Jewel City—the finest of them all.

Well, Katie, I saw enough wonderful things and interesting places between here and Tijuana to fill a couple books, but today I'm going to just write a short article about the most wonderful of all, which the same is perfect auto roads.

Listen, then, to my simple story and deem me not as a slave of the superlative. Picture, if you can, and I know that you can't, a pavement as smooth as "the skin you love to touch" for every foot of the way from Glendale to San Diego, through ever changing panoramas of scenic grandeur.

To the enraptured eyes of the tourist, as he motors southward, is unfolded the oil fields, the orange and lemon groves, the olive and apricot orchards, the walnut groves, the sugar beet country and the lima bean fields.

### Ain't It Exciting?

After leaving San Juan Capistrano the autoist travels for several miles on concrete pavements, that extend along the seashore where breezes enriched with ozone, breathe health itself from the sea.

Then, turning inland again, the road winds away over the hills and thru the woods, thru beautiful verdant valleys and lovely shaded groves, ever twisting, winding, climbing over dustless, mudless, bumpless, endless roads that are the finest in the land. Further to the southward the road climbs a beautiful plateau with more twists and turns than there is in a cork screw and passes among the famous Torrey Pines, the only trees of this kind in the world.

After passing the Old Town Mission, the auto tourist has a splendid view of San Diego bay, where a fleet of 100 United States warships ride at anchor, which in itself is a sight that should make the Japs throw away their ammunition and sign on the dotted line.

Such, Katie, is my bird's eye sketch of Southern California and its "Wonderland" touring country of the world.

Thousands of autos carry the hunter, the tourist and the pleasure seeker over these broad smooth highways of endless enchantment.

### Delightful Pastime

There are many cozy little farms in these sun-kissed valleys and today the farmer that "wearily homeward wends his way" makes the trip in a horseless carriage.

And this trip to San Diego, Katie, is but one of the many auto tours to be made out of Glendale.

It is a delightful pastime that tends to soothe and smooth the worries and wrinkles from the brow of him who motors on these paved boulevards, of which there is sixty-five miles in Glendale alone.

The perfect roads that wind away to the mountain resorts or to the many beaches present recreations unlimited to the man with an auto, and out here in California people don't have to store away their autos in the winter time and jack up the wheels and do the cushions in moth balls like they do back there in Wisconsin.

Well, Katie, this land of Sunset Trails is all very wonderful, splendid, superb, lovely, gorgeous and—but what's the use?

My mere superlative adjectives seem all run down and out at the elbows.

Come, see it all for yourself and you'll want no other.

Yours for views and interviews,  
E. C. HALE.

## Free Shower Bath Offered to People Coming to Glendale

"Glendale, a clean city—kept clean."

In keeping with the "kept clean" idea, Los Angeles has a broken water main on the Glendale boulevard bridge leading to this city which gives a shower bath to every passer-by.

However, the water gets on the windshields of automobiles and causes many of the drivers to nearly go over the side of the bridge into the Los Angeles river bed.

## IMPROVING SHOE STORE

The management of the Broadway Shoe Store, 312 West Broadway, is installing a number of changes in its sales and work rooms, including the addition of various fixtures, an enlarged stock, the installation of additional shelving and a general remodeling of the store. Both Mr. Eckleberger and Mr. Baines are firm in their belief that Glendale's business section will soon outstrip that of any other in Southern California, and state that the coming school year will be the best period that this city has ever experienced.

Letter burning before the letter is mailed may save many a heart-burn later.

Funny how unpopular a collector is and yet how many people invite him to call again.

## Refined Home for Parrot That Swears Being Sought Here

Wanted—a refined home for a parrot that will tell you to seek a reputed hot place when it's angry.

"We could so truthfully advertise this bird," says the proprietor of the Poultry & Pet Stock Exchange, 117 West Broadway, in speaking of the pets which cause considerable amusement for window shoppers.

"Outside of a few 'refined' remarks, the old bird don't swear," says the boss.

"Which is unusual," thought the parrot who was "listening in" on the conversation.

## Glendale's Vaudeville Program Wins Praise

Greater crowds than ever attended the Glendale Theatre vaudeville program Saturday night. Alfredo, the musical rube, may be old but he still has "pep" to win applause with novelty instrumental numbers and quaint philosophy. The Plantation Four brought memories of minstrel days; Arnold & Taylor were a jazzy Orpheum pair of singers while Harrison & Holloway made a lot of noise with saxophones and banjos. Two little dancing maids augmented the evening's program and won their share of applause. "Breezy" Eason, a real American boy, starring in the feature film, made a personal appearance.

Canadian mounted police report that starving Indians in the Caribou tribe have been resorting to cannibalism because of the scarcity of game. A few years ago the Indians ate only the tongues of the caribou they slaughtered. Now the caribou have practically disappeared from that particular section of the country and the aborigines are starving.

**Harry L. Howe and L. A. Echols Return After Visiting Here**

Harry L. Howe of 446 Burchett street and L. A. Echols, brother of Frank M. Echols of 541 North Jackson street, who have been visiting here, returned today to Coachella where they are ranching.

Mr. Howe states that the viticulturists in Coachella valley have sold their grapes this year at 8 1/4 cents a pound, laid down at the packing house door. While onions proved unprofitable, the date growers are making a good profit.

The International Date Festival will be held at Indio in October and through the efforts of the United States department of agriculture all date-growing countries in the world will be represented, according to Mr. Howe.

## PLUNGE NOW BEING CONSTRUCTED FOR COUNTRY CLUB

Sunset Organization Is Soon to  
Swim; News Notes of San  
Fernando Valley

With J. S. Metzger & Son of Pomona under contract to complete a swimming pool within thirty days, the Sunset Canyon Country club has placed a sign on its property announcing that its members will be in "the swim" within a month. Several cabins are under way and the clubhouse has been started. S. T. Allen, the secretary who is actively in charge of the work, is more than pleased with the progress.

### Paper Installing Plant

The Lankershim Laconic, a weekly newspaper published in Los Angeles' suburb, has incorporated and is installing a new plant. It will be one of the most modern little shops in the valley. E. V. Alexander and Cecil Wilcox are the owners. A stationery and novelty store is run in connection with the printing establishment.

### Legion to Hold Dance

Burbank's American legion will hold a dance Saturday evening, August 20, at the Empire China company's new plant. Sylvester Weaver, president of the Los Angeles Chamber of Commerce will speak. Plenty to eat will be a feature of the affair.

### Auction Market Planned

A weekly auction market is to be established at San Fernando by M. F. Holloman, a Burbank auctioneer. He believes the ranchers would like the opportunity of buying and selling stock each Saturday.

### Into Cold Storage

The orange crop has been picked in Orange cove and the crew sent out by the Citrus Fruit Growers' association is now at work in the Chatsworth orchards. The fruit is going into cold storage for the time being.

### Large Deal Completed

A check for \$82,716 passed through the First National bank of Burbank last week. It represented the purchase price of outstanding interests in the Burbank Development company by M. Spazier, H. C. Boorse and T. B. Young.

### To Help Catholic Church

An old-fashioned Spanish barbecue was held at the Rancho San Antonio near Calabasas Sunday. The proceeds from the event will help build a Catholic church at Owensmouth. Many week-end camping parties made the ranch their camping place.

### Very Few Japanese

Van Nuys reports 130 aliens registered there, mostly Mexicans. Very few Japanese are on the list which gives the San Fernando valley city something to boast of—the lack of a Mikado's colony. Each alien must pay a \$10 poll tax which goes to the school fund.

## 'What Women Will Do,' Is Attraction at Glendale Today

"What Women Will Do," the Edward Jose production showing at the Glendale Theatre again today, is a melodrama of modern New York life. It deals with a young woman who becomes involved in a malicious scheme designed to murder a wealthy old lady, whose grief over the suicide of her son while he was under the stigma of a charge of murder, has made her easy prey.

In working the climax, in which the girl and her companion are elevated through the regenerating influence of the grieving mother, the story introduces elements of great contemporary interest, among them spiritualism.

Charles A. Logue wrote the story especially for Associated Exhibitors, and Mr. Jose, in casting the characters, chose such popular players as Anna Q. Nilsson for the role of the girl, Earl Metcalfe for the part of her companion, George Majeroni for the chief plotter, Jane Jennings for the mother, Allan Forrest for the hero, and Riley Hatch for the detective.

"Society Dogs," a clever trained animal comedy, combined with Pathe News and Topics of the Day round out the big bill. Tomorrow "Panthea" is the feature.

## NORTHERN CITY IS CHOSEN

Joe Hawkins or 420 East Harvard street, who has just returned from a six-weeks' visit in Roseville and other northern California cities, reports that his two sons, Walter and Norman, have recently taken over the Roseville agency for Dodge Brothers' automobiles. During the past year the young men, both of whom are well known in this city, have been located in Fallon, Nev., where Walter was employed as manager of the Fallon Motor Sales company. Mr. Hawkins states that he and his wife and daughter, Miss Gertrude Hawkins, will move to the northern city within the next few months.

## Does the Sun Stand Still? Topic of Talk Sunday by F. L. Riley

Taking the thought found in Joshua, 10-13, that "the sun stood still," Dr. F. L. Riley delivered one of the most interesting, instructive and scientific lectures at Masonic Hall Sunday morning, during his five years' connection with the New Thought Center of this city.

Dr. Riley stated that "Joshua was a wonderful character, and there are many beautiful lessons to be learned from his life."

"Moses was a great man, but he was not sufficiently strong or courageous to cross the Jordan and take possession of the Promised Land."

"Joshua was the chosen man of God. He slew the five giants and it was for him that the sun stood still."

"Allegorically considered, the five giants or five kings, are the five senses. It is our sense or animal nature which holds us in bondage. When we master the lower nature we cross the Jordan and come into our spiritual birthright, but it is a great fight, for the lower nature will not submit without a struggle."

### 'Symbol of Life, Light'

"The sun is the symbol of the life and light of God. Just so long as we trust God (good) and have no fear, our sun will not set. In other words, God will be with us and we will have all the light necessary."

"To take certain passages literally is fatal to a proper understanding of this wonderful holy record."

The speaker emphasized that literal interpretation by the teachers of the day and particularly by infidels, atheists, agnostics and scoffers, make the Bible appear ridiculous. That while it is to some extent historical, its allegorical teaching is vastly greater and vitally more important.

The "red woman" is synonymous with error; "Kings," the five senses; "freedom," Moses; "bondage," Egypt; "Ark," the presence of God in the soul; "feet," "salt," "sea," duality, matter; "still water," spirit; "milk and honey," an abundance of all good things, he said.

"The characters enumerated in the Bible from Adam to Jesus are stepping stones, states of the souls evolution," said the speaker.

"Many of the stories found in the Bible originated thousands of years before the time of Jesus and can be found in the oldest language extant, the Sanscrit, the language of India."

"The information secured from the interpretation of the Egyptian hieroglyphics, the cuneiform writings and the recently discovered Rosettistone, throw much light on the esoteric meaning of the Bible."

"When the 'Kings' (five senses) maintain mastery, 'the sun does not stand still.' When we, with Joshua, are able to slay the five 'giants' (senses) we will be enabled to 'cross the Jordan and take possession of the Promised Land.'"

## Informal Recital Is Thoroughly Enjoyed

The informal recital given last Friday afternoon at the Barnes-Shuck Music company opened a series of concerts that will be of particular public benefit. The success of the initial program exceeded all expectations. Seats had been provided to accommodate an audience that would fill the front section of the store, but hurry-up calls for more chairs were sent out, and by 3 o'clock over one-half of the store was taken up by a delighted gathering of men, women and little folks.

The selections prepared by Leslie Fraser Gordon showed excellent judgment, and his wide knowledge of musical and theatrical history, his ready speech and alluring manner of presentation were given a manifest appreciation. So successful a start augurs well for the quality of coming recitals.

These concerts, which are free to the public, will have a special advantage for those who will attend the offerings of the musical season in Glendale and Los Angeles. A great deal of the benefit of a musical entertainment is lost when the hearer goes with little knowledge of whom and what he is to hear. These recitals at the Barnes-Shuck store will constitute a pre-view and pre-hearing of every public concert or musical performance in Glendale and Los Angeles, and the information given will add to the clearer understanding and consequent enjoyment of the artists and their offerings.

The Caruso program was doubly gratifying by reason both of the engaging way Mr. Gordon has of expressing his ideas and of the life-like rendition of records on the Burnham Super-Tone Phonograph. The Knabe Ampico fully testified to all that is warranted of it, the Godowski number, the Etude de Concert, by Liszt, being especially effective.

The recital next Friday afternoon from 2 to 5 o'clock will again furnish profitable recreation for the music lovers of this city, and Messrs. Barnes and Shuck extend invitations to everyone interested in the educational value of music.

## BRIDGE CLUB AT BEACH BACK FROM FISHING TRIP BIRTHDAY IS CELEBRATED

The members of the Fortnightly Bridge club were entertained most delightfully yesterday by Mr. and Mrs. Frank C. Ayars, who have a cottage at Hermosa Beach for the summer. A most delicious picnic lunch was served at noon. In the evening a wiener roast and watermelon feed was enjoyed on the sand. Among those who enjoyed the generous hospitality of Mr. and Mrs. Ayars were Mr. and Mrs. H. B. Howeth, Mr. and Mrs. Francis W. Henry, Mr. and Mrs. W. E. Sawyer, Mr. and Mrs. J. I. Wernette, Mr. and Mrs. R. A. Puffer, Sr., Mr. and Mrs. R. A. Puffer, Jr., Mrs. A. A. Barton, who is a member of the club, was unable to be present, as she was called away by the illness of her sister.

Harry R. Schenck and his little daughter, June, of 1143 East Elk street returned Sunday morning from a three day fishing trip. They made Balboa Beach their headquarters and went out to sea in a fishing launch. While they did not make a record catch they claim they had a splendid outing and a host of good times.

## W. A. HORN IN PULPIT

W. A. Horn occupied the pulpit in the absence of Rev. W. W. Cookman of West Glendale Methodist church. He gave a very inspiring talk. He is the nephew of Albert Horn of 431 West Broadway, where he and his wife are stopping. They intend to make their home in Glendale.

Mr. and Mrs. Harry L. Howe and two children, Edith and Jimmy, of 446 Burchett street, accompanied by Mrs. Howe's mother, Mrs. J. C. Blackman, and Louise Hubbard of this city, motored to Laguna Beach on Friday of last week, where they enjoyed a day at the seashore in honor of Mrs. Howe's birthday. Mr. Howe, who is principal of the Coachella high school, will leave Glendale in a few weeks to prepare for the coming school year.
